Cod: 6691

Mika 100-litre ventilated display cabinet, 80×70×74h cm, +2°/+6°C

Description

An elegant and sophisticated freestanding ventilated refrigerated display cabinet with an exclusive design, offering maximum visibility of the products on display. Constructed from solid stainless steel and toughened glass (curved double-glazed front panel). 3 glass shelves and 5 display levels. State-of-the-art LED lighting system, providing cool light and minimal energy consumption. Ideal for displaying, for example, starters, appetisers, sandwiches, tramezzini and food items for various dishes in cafés, pizzerias, sandwich bars, pubs, restaurants, delicatessens and patisseries. Built-in refrigeration unit, concealed from the customer's view. Automatic defrost. Operating temperature adjustable between +6° and +10°C. Temperature control via an adjustable digital thermostat with a readout on the rear display.
