Cod: 7377

Single-chamber electric rotating pizza oven with curved glass panels, 128×109×165h cm

Description

Electric circular pizza ovens with arched windows, providing a clear view of the cooking process on a rotating ceramic tray. The set temperature is thermostatically controlled and monitored via a digital thermometer. A support stand is available as an optional extra. The oven is made entirely of stainless steel and is fitted with all the safety devices required by international organisations.

NB: Payment for this product can only be made by bank transfer, PayPal or credit card.
