Cod: 106331082016

4-ring glass-ceramic electric hob with open compartment, 9.2 kW, 80×70×85h cm

Description

Stainless steel frame. Heat-resistant knobs with functional screen-printed markings on the rim. Black glass-ceramic hob, 0.6 cm thick. Heating is provided by round radiant electric heating elements fitted beneath the glass. Each heating element is fitted with a power regulator that allows the operating frequency to be adjusted to maximum power. Safety is ensured by a temperature limiter located inside the heating element. AISI 304 stainless steel worktop with rounded edges to ensure ease of cleaning. Front cladding in AISI 304 stainless steel. The worktop is laser-cut to ensure a 'head-to-head' fit between worktops and secure fastening of the worktops to one another. Height-adjustable stainless steel feet.

. 100% Made in Italy.

Dimensions

External dimensions	800x700x850 mm
Packaging dimensions	910x810x1080 mm

Technical specifications

Electrical Power	9.20 kW
Net weight	46 kg
Power supply	Electric
Voltage	400 V
Volume	0.80 m3
Weight including packaging	60 kg
