Ristoattrezzature®

Cod: 8734

140-litre static stainless steel fridge-freezer cabinet, -18 °C

Description

Freezer cabinet with a stainless steel outer shell. ABS interior. Refrigerated models feature static plate cooling with a fan to ensure an even temperature; freezer models feature static cooling on the shelves. Digital thermostat for temperature control integrated into the door. Insulation: 4 cm for refrigerated models; 6 cm for freezer models. Defrosting in the positive models takes place when the compressor is off, whilst in the freezer models it is manual. Automatic condensation water evaporation for positive models. Interior with rounded corners to facilitate cleaning. Key-operated door lock.
. Reversible door (an optional kit is required).

Dimensions

External dimensions	600x600x855 mm
Internal dimensions	480x440x615 mm
Packaging dimensions	680x650x1050 mm

Technical specifications

Capacity	140 Lt
Climate class	4
Electrical Power	0.105 kW
Frequency	50 Hz
Net weight	39 kg
Power supply	Electric
Refrigerant gas	R600A
Temperature/humidity	33 °C
Voltage	230 V
Weight including packaging	51 kg

Standard equipment

Included	2 fixed shelves, 480 x 415 mm, centre-to-centre distance 170 mm
