Cod: 111900011502844

Electric countertop fry top with low-profile smooth griddle, 5 kW, 40×70×25h cm

Description

Electric countertop fry top with a low-profile smooth griddle, stainless steel body. Knobs made from heat-resistant material with functional screen-printed markings on the rim.

Heating is provided by radiant heating elements positioned beneath the cooking plate. Thermostat for adjusting the plate temperature between 120°C and 320°C. Manual reset safety thermostat.

A single, large, low-profile cooking plate made from special stainless steel, machined to a smooth finish which ensures excellent heat transfer during cooking, and mirror-polished to guarantee that food does not stick and to facilitate quick cleaning in accordance with current regulations.

Smooth cooking plate.

The worktop features a sloping surface that channels towards the grease drain. A large opening on the cooking surface allows grease to drain into a 2.9-litre container located beneath the cooking surface and supplied as standard.

Stainless steel worktop (AISI 304) with rounded edges for easy cleaning. Front, side and rear panels in stainless steel.

A Teflon plug to seal the drain for cooking with a thin film of oil is available on request.

Laser-cut worktop finish to ensure a ‘head-to-head’ fit between worktops and secure fastening of the worktops to one another.

. 100% Made in Italy.

Dimensions

External dimensions	400x700x250 mm
