Cod: 111900021502844

Electric countertop fry top with ribbed griddle, 5 kW, 40×70×25h cm

Description

Electric countertop fry top, lowered ribbed griddle, stainless steel body. Knobs made from heat-resistant material with functional screen-printed markings on the rim.

Heating is provided by radiant heating elements positioned beneath the cooking plate. Thermostat for adjusting the plate temperature between 120°C and 320°C. Manual reset safety thermostat.

A single, large, low-profile cooking plate made from special stainless steel, which ensures excellent heat transfer and is mirror-polished to prevent food from sticking and to facilitate quick cleaning, in compliance with current regulations.

Ribbed cooking plate.

The worktop is sloped and directed towards the grease drainage hole. A large hole in the cooking surface allows grease to drain into a 2.9-litre container located beneath the cooking surface and supplied as standard.

Stainless steel worktop (AISI 304) with rounded edges for easy cleaning. Front, side and rear panels in stainless steel.

A Teflon plug to seal the drain for cooking with a thin film of oil is available on request.

Laser-cut worktop finish to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

. 100% Made in Italy.

Dimensions

External dimensions	400x700x250 mm

Technical specifications

Electrical Power	5 kW
Net weight	30 kg
Operating temperature	+120 +320 °C
Power supply	Electric
Voltage	400 V
