Cod: 7159

GN1/1 ventilated refrigerated deli counter with built-in motor, 179.5 × 70 × 85h cm

Description

GN1/1 refrigerated display counter for delicatessen – glass doors, AISI 304 stainless steel frame, forced-air cooling with a removable motor unit and electronic temperature control with a digital thermostat. The table is fitted with an electric heating element around the door frame to prevent condensation, automatic defrosting with an electric heating element and automatic control of the defrost temperature. Automatic evaporation of condensation water. Corrosion-resistant evaporator. Door with return spring. Door seal removable without tools. Base with rounded corners. Doors can be easily interchanged with two- and three-drawer units. Drawer units with fully extendable stainless steel telescopic runners. Height-adjustable AISI 304 stainless steel feet. Stainless steel rear panel; can be placed against a wall.

Dimensions

External dimensions	1795x700x850 mm
Insulation	60 mm
Internal dimensions	1337x530x589 mm

Technical specifications

Capacity	417 Lt
Electrical Power	0.35 kW
Energy efficiency class	C
Frequency	50 Hz
Net weight	134 kg
Operating temperature	+2 +8 °C
Refrigerant gas	R134A
Voltage	230 V

Standard equipment

Included	3 grids and 6 guides
