Cod: 8285

Energy-efficient stainless steel refrigerated counter with 2 doors, -2 to +8 °C, 136×60×85h cm

Description

Ristoattrezzature's two-door refrigerated table is compact, durable and versatile. It offers everything you need in a professional kitchen where optimal food storage and refrigeration are crucial.

Choose to complete the fit-out of your premises with the **two-door refrigerated table** for restaurants and **add comfort to your workspace**. Ristoattrezzature's expertise will ensure you receive the support you need.

With our two-door refrigerated table, **you can serve fresh produce at all times** whilst preserving its quality and flavour.

Ideal for patisseries, bakeries, pizzerias, restaurants, butchers, hotels and all businesses that need to keep food at low temperatures, Ristoattrezzature's **two-door refrigerated table for patisseries** comprises:

- **1 worktop**,
- **2 hinged doors** concealing refrigerated compartments,
- **1 built-in motor on the right-hand side**,
- **adjustable feet**.

Design and operation

The **2-door refrigerated table for restaurants features a minimalist design**. **Our table measures 136 x 60 x 85h cm**, with 6 cm of insulating foam on each side, and **has a capacity of 180 litres**.

The unit stands out for its clean, minimalist lines: ideal for any professional setting. **The materials have been carefully selected** to ensure optimal performance during constant, intensive use without wear and tear.

The stainless steel frame is durable and easy to clean, whilst the **adjustable feet** allow you to adapt the table to suit your needs. The **extra-thick doors with internal contouring** ensure better thermal insulation and, thanks to the self-closing mechanism, prevent energy wastage.

The refrigeration system utilises the EBM forced-air cooling system, and **the operating temperature** can be easily set **between -2°C and +8°C** using a **digital thermostat** featuring **Dixell/Carel** technology. This ensures high performance and **constant, reliable temperature control** for your freezer.

Finally, the **Embraco tropicalised compressor (+43°C)** ensures that our refrigerated freezer table for restaurants operates correctly even in humid conditions (up to 60 per cent).

2-door refrigerated counter: cleaning and maintenance

Ristoattrezzature guarantees a high standard of quality over time. Choose the practicality of our catalogue solutions and **look after your professional equipment properly**.

Carry out regular cleaning and maintenance of our 2-door refrigerated counter for restaurants to **ensure maximum efficiency**.

Rounded edges, **replaceable seals** and durable, easy-to-clean **stainless steel** make this task easier: **hygiene comes first!**

Reach every corner by removing the internal racks and, from time to time, carry out a check on every single part. The **motor with its monobloc system** makes maintenance work easier, helping to avoid additional costs.

Why this is the right product for you

Choosing Ristoattrezzature's **two-door refrigerated counter** means putting your trust in the quality of a product:

- **convenient**
- **versatile**

- **durable**
- **spacious**
- **eco-friendly**.

Our refrigerated table has, in fact, been designed with the environment and energy efficiency in mind, and is fitted with **an eco-friendly refrigerant**: 100% natural.

Finally, **it offersexcellent value for money**! **Find out more by consulting the technical specifications** and choose the product and accessories that suit you best!

Dimensions

External dimensions	1360x600x850 mm
Grid dimensions	330x455 mm
Insulation thickness	60 mm
Internal dimensions	822x470x580 mm
Packaging dimensions	1415x655x885 mm

Technical specifications

Capacity	180 Lt
Compressor	embraco emb46clc
Defrosting	air defrost
Electrical Power	0.25 kW
Electricity consumption	2.09 Kw/24h
Energy efficiency class	B
Frequency	50 Hz
Maximum room temperature	43 °C
Net weight	91.4 kg
Operating temperature	-2 +8 °C
Power supply	Electric
Refrigerant gas	R600A
Refrigeration	ventilated
Thermostat	Dixell/Carel
Voltage	230 V
Weight including packaging	108 kg

Standard equipment

Included	1 Door grille
