Cod: 8523

Energy-efficient, 3-door stainless steel refrigerated freezer table, -22–17 °C, 179.5 × 60 × 85h cm

Description

Quality, durability and versatility. Complete your restaurant's fit-out with the ideal equipment: choose the quality of Ristoattrezzature with our **energy-efficient, 3-door stainless steel refrigerated freezer table**.

Ideal for the catering and restaurant industry: bring the perfect fit-out into your kitchen and keep food at the right temperature at all times.

The **energy-efficient stainless steel refrigerated freezer table** is fitted with three hinged doors, a built-in motor and adjustable stainless steel feet.

Let's take a look at the main technical specifications and discover together how to optimise space and time.

Design and operation

The **energy-efficient 3-door stainless steel refrigerated freezer table** has been designed to support every stage of food preparation. Its design stands out for:

- **1 stainless steel worktop**, synonymous with reliability and durability;
- **3 self-closing doors** to ensure optimal food preservation;
- Height-adjustable**steel legs** for greater adaptability to your needs.

The table features a **minimalist design**: clean and uncluttered to meet the aesthetic and, above all, technical requirements of your premises.

Take a tape measure and work out the space you have available. Remember that **the overall dimensions of our table are 179.5 x 60 x 85h cm, which is** sufficient to accommodate 33 x 45.5 cm racks on multiple internal shelves, giving a total capacity of 250 litres.

The cooling system is ventilated, and the presence of an internal fan ensures an even distribution of temperature throughout the interior.

You can set the temperature between **-22 and -17 °C**, and the Embraco tropicalised compressor (+43 °C) will ensure your **energy-efficient, 3-door stainless steel freezer table** operates correctly even in conditions of very high external humidity.

The table's design is complemented by a **digital thermostat utilising Dixell technology**, a **corrosion-resistant evaporator** and an **automatic defrost** function.

Stainless steel refrigerated freezer table: cleaning and maintenance

Choose the convenience of our **energy-efficient, 3-door stainless steel refrigerated freezer table** and clean it with ease.

In the kitchen, it is essential to carry out this task with care. Schedule cleaning in your calendar and ensure regular maintenance:

1. **Refer to the user manual**;
2. **Remove and clean the seals**;
3. **Remove the racks inside**.

The internal corners are rounded specifically to make this task easier.

Why this is the right product for you

Choosing to purchase the **energy-efficient, 3-door stainless steel refrigerated freezer table** will help you boost performance in the kitchen whilst keeping your energy bills down.

Ristoattrezzature, in fact, offers a range of refrigerated tables that stand out for their lower energy consumption and reduced environmental impact.

The refrigerant used is R290: a green alternative with **excellent cooling properties and energy efficiency, whilst remaining environmentally friendly**.

Choose the quality of our products and **create a high-performing, comfortable working environment** whilst making the most of your space.

Dimensions

External dimensions	1795x600x850 mm
Grid dimensions	330x455 mm
Insulation thickness	60 mm
Internal dimensions	1257x470x580 mm
Packaging dimensions	1850x655x885 mm

Technical specifications

Capacity	250 Lt
Compressor	Embraco EMTE2134U
Defrosting	hot gas
Electrical Power	0.6 kW
Electricity consumption	5.42 Kw/24h
Energy efficiency class	C
Frequency	50 Hz
Maximum room temperature	43 °C
Net weight	117 kg
Operating temperature	-22 -17 °C
Refrigerant gas	R290
Refrigeration	ventilated
Thermostat	Dixell/Carel
Voltage	230 V
Weight including packaging	137.5 kg

Standard equipment

Included	1 Door grille
