Cod: 93170021682012

Stainless steel refrigerated freezer table with splashback, 2 doors, 136×70×95h cm, -18 to -22°C

Description

Why buy it?

This freezer table is not just a piece of refrigeration equipment, but a genuine operational aid for those working in the catering industry. Thanks to its stainless steel construction, a capacity of over 400 litres and the convenience of self-closing doors, it guarantees maximum efficiency in the kitchen. It is designed to withstand heavy use, whilst maintaining optimal temperature control at all times and providing a sturdy, functional worktop with an integrated splashback.

Key features

- **High-quality stainless steel**
  The all-stainless-steel construction makes the table robust, hygienic and corrosion-resistant. Perfect for professional kitchens where cleanliness and durability are essential.
- **Electronic control panel with digital display**
  The electronic control system allows you to easily monitor and adjust the internal temperature. The digital display ensures clear and accurate readings at all times.
- **Doors with spring-return mechanism and magnetic seals**
  The doors are designed to close automatically, preventing cold air from escaping and ensuring optimal storage at all times. The magnetic seals ensure a tight and reliable seal.
- **Adjustable feet**
  The adjustable height of the feet allows the table to be adapted to any surface, ensuring stability and convenience in everyday use.
- **Steel splashback**
  The practical rear splashback protects the wall from knocks, splashes and direct contact with food or utensils, keeping the workspace tidy and safe at all times.

Technical specifications

- **External dimensions:** 136 x 70 x 95h cm
- **Internal dimensions:** 90 x 53 x 56h cm
- **Packaging dimensions:** 139 x 73 x 97h cm
- **Capacity:** 282 litres
- **Power:** 0.675 kW
- **Energy efficiency class:** D
- **Refrigerant:** R600A
- **Cooling system:** fan-assisted
- **Net weight:** 94 kg
- **Included:** 2 shelves with pairs of runners

Dimensions

External dimensions	1360x700x950 mm
Internal dimensions	900x530x560 mm
Packaging dimensions	1390x730x970 mm

Technical specifications

Capacity	282 Lt
Defrosting	electric defrost
Electrical Power	0.675 kW
Energy efficiency class	D
Frequency	50 Hz
Material	stainless steel
Net weight	94 kg
Operating temperature	-18 -22 °C
Power supply	Electric
Refrigerant gas	R600A
Refrigeration	ventilated
Thermostat	electric
Voltage	230 V
Weight including packaging	109 kg

Standard equipment

Included	2 grids with pairs of guides
