Cod: 7731005

Wood-fired pizza oven with metal cladding, Ø 100 cm

Description

A top-quality professional oven, designed for master pizza and bread makers. Designed for pizzerias, bakeries and all catering establishments. Manufactured using top-quality refractory mortars, it is quick and easy to install and, if necessary, dismantle, as the domes and baking surface are modular. Supplied with a supporting frame, platform, metal cladding, lava stone shelf, sheet metal door with temperature gauge, front opening arch and flue connection. A gas burner and soot remover are available as optional extras.
