Cod: 68290306

Stainless steel sink, 140×60×85h cm, 2 bowls with left-hand drainer, shelf and EC splashback

Description

Why buy it?

This sink offers a **comprehensive and practical solution** for businesses in the Ho.Re.Ca. sector, such as restaurants, kitchens and canteens. Thanks to its combination of **professional design** and **high-quality components**, it guarantees **maximum hygiene, practicality and durability**. The two basins allow different washing stages to be carried out simultaneously, whilst the side drainer simplifies the management of excess water. The lower shelf and splashback complete a design intended to ensure **tidiness and safety in any workplace**.

Key features

- **AISI 304 stainless steel construction: Made** entirely from **AISI 304 stainless steel** – a material highly resistant to corrosion, wear and moisture – this sink guarantees **durability and maximum hygiene**. Perfect for professional environments where cleanliness is a priority.
- **Two spacious and functional basins: The** two basins, each measuring **40x50x25h cm**, allow you to separate tasks: you can wash and rinse at the same time, or use one for crockery and the other for food. The depth is ideal for accommodating large pots and kitchen utensils.
- **Left-hand side drainer: The** drainer on the left allows you to place wet plates and utensils, encouraging water to drain away naturally. It is a **convenient and hygienic solution** that improves productivity without creating a mess.
- **Rear splashback for hygiene protection: Fitted** with a **handy rear splashback**, it prevents water splashes on the wall and helps keep the kitchen cleaner. An additional safeguard designed to comply with health and hygiene regulations.
- **Lower shelf for better organisation: The** practical **lower shelf** offers ample storage space for washing-up liquid, buckets or utensils, optimising your workspace. Ideal for keeping everything within easy reach without cluttering the worktop.
- **Height-adjustable feet: The adjustable feet** ensure perfect stability even on uneven floors. You can adjust the height of the sink to suit your needs and improve the ergonomics of your workspace.

Technical specifications
