Cod: 8733

Class A stainless steel refrigerated cabinet, 140 litres, static, 0 to +8 °C

Description

Refrigerated cabinet with a stainless steel outer shell. ABS interior. Refrigerator models feature static plate cooling with a fan to ensure an even temperature; freezer models feature static cooling on the shelves. Digital thermostat for temperature control integrated into the door. Insulation: 4 cm for refrigerator models; 6 cm for freezer models. Defrosting in the fridge models takes place when the compressor is off, whilst in the freezer models it is manual. Automatic condensation water evaporation for fridge models. Interior with rounded corners to facilitate cleaning. Key-operated door lock.
. Reversible door (an optional kit is required).

Dimensions

External dimensions	600x600x855 mm
Internal dimensions	500x440x615 mm
Packaging dimensions	680x650x1050 mm

Technical specifications

Capacity	140 Lt
Climate class	4
Electrical Power	0.1 kW
Energy efficiency class	A
Frequency	50 Hz
Net weight	40 kg
Operating temperature	0 +8 °C
Refrigerant gas	R600A
Temperature/humidity	33 °C
Voltage	230 V
Weight including packaging	52 kg

Standard equipment

Included	2 grids, 505 x 415 mm
