Cod: 14277

Frying pan with stainless steel handles - 325-050

Description

Why buy it

This pan with stainless steel handles helps you cook and finish off dishes in a shallow pan. A useful choice for putting together the equipment you need for your business and tailoring your operations to the type of service required.

Key features

- **Access to the contents:** The shallow design makes it easier to access the contents whilst working, which is useful for monitoring and stirring ingredients in suitable recipes.
- **Cooking and finishing:** The pan can be included in your kit for cooking and finishing dishes, choosing the material and size according to the intended use.
- **Stainless steel construction:** This material is suitable for professional kitchen and service equipment and allows for easy maintenance using compatible products and procedures.
