Cod: 2594

6-plate electric hob + 2/1 GN static electric oven + compartment with door

Description

6-plate electric hob + 2/1 GN static electric oven + compartment with door. Stainless steel body. Press-formed, double-walled oven door with sturdy handles. Knobs made from thermosetting plastic. Heating is provided by round cast-iron electric hotplates. The heating element is fixed to the base of the hotplate, embedded in a layer of insulating material. Each hotplate is fitted with a control knob allowing the power to be adjusted from maximum to minimum across seven settings. Safety is ensured by a temperature limiter located inside the heating plate. The worktop is moulded and features a reverse embossed design to ensure the plates fit perfectly, facilitate cleaning and protect the electrical components from spilled liquids.

1/1 GN static electric oven with a compartment and door. Removable oven rack made from stainless steel rod. Oven base made from thick-gauge steel and reinforced with a series of ribs. Heating is provided by special high-temperature-resistant steel heating elements positioned beneath the base and on the ceiling of the cooking chamber. Fitted with a thermostat allowing the temperature to be adjusted between 120°C and 310°C. Manual-reset safety thermostat to prevent overheating. Insulation of the cooking chamber and oven door is provided by a layer of high-temperature-resistant ceramic fibre. Height-adjustable stainless steel feet.

. 100% Made in Italy.

Dimensions

External dimensions	1200x700x850 mm

Technical specifications

Electrical Power	21 kW
Net weight	135 kg
Power supply	Electric
Voltage	400 V
Volume	1.15 m3
