Cod: 9065062003007

ABS-constructed refrigerated cabinet with 1 door, Class A, 600 litres, roll-bond construction, with auxiliary fan, 0–8 °C

Description

Energy class A fridge, roll-bond cooling system with auxiliary fan, 600-litre capacity. The product has a white ABS body with a thermoformed interior. The fridge features automatic defrosting via compressor shutdown, 7 cm cyclopentane insulation, a digital thermostat, a door-open alarm, a high-temperature alarm, a removable seal, a self-closing door as standard, a reversible door, a lock and a main switch as standard, adjustable shelves (4+1) and adjustable feet + rear castors (2+2). The refrigerated cabinet is also suitable for GN1/1 and GN2/1 trays; the shelves have a reduced spacing for greater product stability. It features a backlit switch (blue), an auxiliary fan for air circulation and a bottom shelf to maximise product storage capacity.

Dimensions

External dimensions	775x716x1900 mm
Internal dimensions	635x572x1638 mm
Packaging dimensions	835x792x2070 mm

Technical specifications

Capacity	600 Lt
Electrical Power	0.128 kW
Energy efficiency class	A
Maximum grids	5 Nr
Net weight	93 kg
Noise levels	68 db
Operating temperature	0 +8 °C
Power supply	Electric
Refrigerant gas	R600A
Weight including packaging	106 kg
