Cod: 9228128011004

Stainless steel refrigerated cabinet with 1 door, 429 litres, -2 to +8 °C, static

Description

Why buy it?

If you're looking for a reliable, durable refrigerated cabinet that's suited to the needs of your business, this model is the ideal solution. The **stainless steel construction** ensures durability and easy maintenance, whilst the **compact design** and advanced features make it perfect for any professional kitchen.

Key features

- **Stainless steel construction**:
  The body, made entirely of stainless steel, ensures **high resistance to corrosion** and is easier to clean – a must in professional environments where hygiene is essential.
- **429-litre capacity**:
  This fridge cabinet offers optimal internal space for storing food, with dimensions that are well-balanced to suit a variety of kitchen layouts.
- **Static refrigeration**:
  The static refrigeration system ensures a natural and even distribution of cold air, keeping food fresh without drying it out.
- **Operating temperature -2 to +8 °C**:
  Perfect for storing fresh food, this temperature range offers the versatility required for different types of produce.
- **Anti-corrosion treatment**:
  The interior lining is designed to withstand wear and moisture, keeping the fridge in optimal condition even with intensive use.
- **Adjustable feet**:
  The feet allow you to adjust the height of the fridge to compensate for any unevenness in the floor, ensuring stability in all situations.
- **Internal lighting**:
  The built-in light inside the compartment ensures **perfect visibility** even in poorly lit kitchens.

Technical specifications

- **External dimensions**: 68 x 71 x 201h cm
- **Internal dimensions**: 56 x 58 x 139h cm
- **Capacity**: 429 litres
- **Material**: stainless steel
- **Net weight**: 108 kg
- **Cooling** system: static
- **Energy efficiency class**: D
- **Maximum ambient temperature**: 35 °C
- **Refrigerant**: R290
- **Power consumption**: 0.215 kW

Standard fittings

The unit comes with 3 sturdy and versatile shelves, accompanied by pairs of adjustable rails, to optimise the arrangement of food inside.

Dimensions

External dimensions	680x710x2010 mm
Internal dimensions	560x580x1390 mm

Packaging dimensions	710x740x2090 mm

Technical specifications

Capacity	429 Lt
Defrosting	a stop
Electrical Power	0.215 kW
Energy efficiency class	D
Frequency	50 Hz
Material	stainless steel
Maximum room temperature	35 °C
Net weight	108 kg
Operating temperature	-2 +8 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	static
Thermostat	electric
Voltage	230 V
Weight including packaging	118 kg

Standard equipment

Included	3 racks with pairs of rails
