Cod: 9228063011001

Stainless steel refrigerated cabinet with 1 door, 700 litres, +2 to +8 °C, ventilated

Description

Why buy it?

The stainless steel refrigerated cabinet is an essential piece**of kit** for any professional kitchen. Designed to ensure high and long-lasting performance, this fridge combines a robust design with advanced technology, making it ideal for storing your ingredients in the best possible way and optimising space organisation.

Key features

- **Made from stainless steel**:
  Corrosion-resistant and easy to clean, stainless steel ensures a long service life and a consistently impeccable appearance, even in high-intensity working environments.
- **700-litre capacity with forced-air cooling**:
  The interior space is optimised to accommodate large quantities of food, maintaining an even temperature distribution thanks to forced-air cooling. This ensures your products are always fresh and at the ideal temperature.
- **1 door with integrated interior light**:
  The solid door protects the contents of the fridge, whilst the interior light makes it easier to access ingredients, even in dimly lit environments, improving operational efficiency.
- **Adjustable feet**:
  Adaptable to any surface, the adjustable feet allow the fridge to be stabilised even on uneven floors, ensuring safety and convenience.
- **Advanced anti-corrosion treatment**:
  Ideal for high-humidity environments, the anti-corrosion treatment prevents deterioration, ensuring a longer service life for the appliance.
- **Electric defrost system**:
  Automatic defrost technology simplifies maintenance, minimising the need for manual intervention and improving overall performance.

Technical specifications

- **External dimensions:** 74 x 83 x 201 (h) cm
- **Internal dimensions:** 62 x 70 x 139.6h cm
- **Internal capacity:** 700 litres
- **Operating temperature:** +2/+8 °C
- **Cooling system:** Ventilated
- **Refrigerant:** R290 (environmentally friendly)
- **Material:** Stainless steel
- **Power supply:** Electric, 230 V, 50 Hz
- **Electrical power:** 0.350 kW
- **Net weight:** 127 kg
- **Energy efficiency class:** D

Standard features

- **Three adjustable shelves with guides**: Ideal for customising the interior layout of the fridge to suit your kitchen’s needs.

Dimensions

External dimensions	740x830x2010 mm
Internal dimensions	620x700x1396 mm

Packaging dimensions	765x855x2080 mm

Technical specifications

Capacity	650 Lt
Defrosting	electric defrost
Electrical Power	0.350 kW
Energy efficiency class	D
Frequency	50 Hz
Material	stainless steel
Maximum room temperature	35 °C
Net weight	120 kg
Operating temperature	+2 +8 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Thermostat	electric
Voltage	230 V
Weight including packaging	127 kg

Standard equipment

Included	3 racks with pairs of rails
