Cod: 100972081002

Neutral display cabinet, 101.2 × 27 × 31h cm, with aluminium edging, a middle shelf and straight glass panels, black

Description

Why buy it

This **neutral display cabinet with an aluminium frame** is ideal for anyone looking for an elegant and functional way to showcase their products. Thanks to its minimalist design and technical specifications, this display cabinet is perfectly suited to shops, patisseries, cafés and other commercial premises. Its modern aesthetic and the durability of its materials ensure **practicality, safety and style** in any professional setting.

Key features of the display cabinet

- **Straight tempered glass panels:**
  Made from high-quality toughened glass, the front panels offer superior safety and greater impact resistance compared to traditional glass. The straight design gives a modern and refined look, perfect for showcasing the products on display.
- **Anodised aluminium frame:**
  The anodised aluminium frame not only provides lightness and stability but also ensures optimum resistance to corrosion and wear. The elegant and discreet aluminium edging blends seamlessly with the display cabinet's overall design.
- **Intermediate glass shelf:**
  The clear glass shelf provides extra space to display your products, optimising organisation within the display cabinet. Thanks to its transparency, it does not obstruct the view of the products, whilst maintaining excellent internal lighting.
- **Methacrylate side panels:**
  The methacrylate side panels are lightweight, durable and highly transparent, offering a clear view from every angle. This innovative material is safer than glass and ensures greater durability.
