Cod: 10202952189

Fry Top Gas Grill 120.6 × 45 × 23.3h cm, 5.5 + 5.5 kW, countertop model with double smooth steel griddle

Description

Why buy it?

If you're looking for a versatile and compact fry top for your professional kitchen, this **countertop gas fry top** is the perfect solution. Thanks to its **double-layered smooth steel cooking surface** and **high-efficiency burners**, it ensures **even heat distribution** for consistently flawless cooking results. The ergonomic design, which can be fully dismantled and features useful features such as a **grease tray** and **adjustable feet**, makes this fry top an ideal choice for both compact spaces and the fast-paced environment of the catering industry.

Key features

- **Double stainless steel cooking plate with raised rim**
  The griddle features a **0.6 cm thick double stainless steel plate** with a **3.6 cm** rim, designed to retain heat more effectively and contain any splashes during cooking. The anti-corrosion coating ensures a long service life, even with frequent use.
- **Even heat distribution across the entire surface**
  The burners, with **their perimeter flame outlets**, guarantee **even heat distribution** across both cooking surfaces (60x40 cm + 60x40 cm). This allows for uniform cooking of different types and thicknesses of food.
- **Integrated safety system**
  Thanks to the **safety thermocouple**, the fry top ensures complete peace of mind during use, automatically cutting off the gas supply should the flame go out accidentally.
- **Compact design, optimised for confined spaces**
  The rear gas inlet is designed to allow for easy installation even in kitchens with limited space, whilst maintaining an elegant and functional design.
- **Adjustable feet for perfect stability**
  The practical **adjustable feet** allow the fry top to be adapted to any type of worktop, ensuring maximum stability at all times during use.
- **Ergonomic chrome-plated Bakelite knobs**
  The **chrome-plated Bakelite knobs** offer excellent grip and heat resistance, making temperature adjustment practical and safe.
- **Spacious grease collection tray**
  The large **grease collection tray** makes it easy to manage cooking residues and simplifies daily cleaning.
- **Piezoelectric ignition for each burner**
  Each gas valve is fitted with an **independent piezoelectric ignition** system, allowing for quick and safe ignition without the need for external lighters.
- **Fully dismantlable structure**
  The fry top can be **completely dismantled**, facilitating thorough cleaning of every component and ensuring maximum hygiene in the kitchen.

Technical specifications

- **External dimensions:** 120.6 x 45 x 23.3h cm
- **First cooking surface:** 60 x 40 cm
- **Second cooking surface:** 60 x 40 cm
- **Power supply:** Gas
- **Burners:** 2 + 2
- **Weight:** 44 kg
- **Gas output:** 5.5 + 5.5 kW

Standard equipment

- **LPG and natural gas nozzles supplied**

Dimensions

Dimensions of the first cooking surface	600x400 mm
Dimensions of the second hob	600x400 mm
External dimensions	1206x450x233 mm
Packaging dimensions	1250x500x500 mm

Technical specifications

Burners	2 + 2 no.
Gas Power	5.5 + 5.5 kW
Net weight	44 kg
Power supply	Gas
Weight including packaging	52 kg

Standard equipment

Included	Nozzles designed for LPG. Nozzles for natural gas are also supplied.
