Cod: 2611

Professional electric stainless steel fry-top on a ribbed mild steel surface + compartment

Description

Electric Ribbed Mild Steel Fry Top + Storage Compartment. Stainless steel frame. Control knobs made from thermosetting plastic. Heating is provided by an armoured heating element situated beneath the cooking plate. Thick mild steel cooking surface with rounded edges and a welded, sealed splash guard to ensure easy cleaning. The cooking plate is sloped and directed towards the grease drain hole, which is connected to a container situated beneath the cooking surface. Fitted as standard with a grease-drain drawer. Two independent cooking zones, each equipped with temperature control knobs. Ribbed griddle. Fitted with a thermostat allowing the temperature to be adjusted between 120°C and 310°C. Manual reset safety thermostat. Height-adjustable stainless steel feet.

. 100% Made in Italy.
