Cod: 2613

Professional electric stainless steel Fry Top griddle, half smooth and half ribbed, made of mild steel + storage compartment

Description

Electric Fry Top, half smooth and half ribbed, made of mild steel + storage compartment. Stainless steel frame. Control knobs made of thermosetting plastic. Heating is provided by armoured heating elements positioned beneath the cooking plate. Thick mild steel cooking surface with rounded edges and a welded, sealed splash guard to ensure easy cleaning. The griddle is angled towards the grease drain hole, which is connected to a container located beneath the cooking surface. Fitted as standard with a grease collection drawer. Two independent cooking zones, each equipped with temperature control knobs. Griddle surface is half smooth and half ribbed. Fitted with a thermostat allowing the temperature to be adjusted between 120°C and 310°C. Manual reset safety thermostat. Height-adjustable stainless steel feet.

. 100% Made in Italy.
