Cod: 9241130011001

Stainless steel refrigerated display cabinet for patisseries, 800 litres, -2 to +8 °C, ventilated

Description

Ventilated refrigerated cabinet for pastry workshops, made from stainless steel, with a built-in cooling unit.
The evaporator is concealed to maximise internal space, with electronic temperature control via a digital thermostat.
The electric heating element is situated around the door frame to prevent condensation build-up; it features automatic defrosting via an electric heating element and automatic control of the defrost temperature. The door has a spring-return mechanism, is reversible and can be locked with a key; it also features an interior light. Height-adjustable stainless steel feet.

Dimensions

External dimensions	740x990x2010 mm
Internal dimensions	620x860x1396 mm
Packaging dimensions	1015x765x2080 mm

Technical specifications

Capacity	737 Lt
Defrosting	electric defrost
Electrical Power	0.305 kW
Energy efficiency class	D
Frequency	50 Hz
Material	stainless steel
Maximum room temperature	35 °C
Net weight	172 kg
Operating temperature	-2 +8 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Thermostat	electric
Voltage	230 V
Weight including packaging	182 kg

Standard equipment

Included	10 pairs of guides
