Cod: 9229062012004

Stainless steel refrigerated freezer cabinet, 1 door, 600 litres, -18 to -22°C, static

Description

Why buy it?

This **freezer cabinet** is the ideal solution for restaurants, bars and kitchens that need to store large quantities of food safely and efficiently. Thanks to its **stainless steel** construction, it offers durability, ease of cleaning and a long service life. Its advanced features, such as anti-corrosion treatment and forced-air cooling, ensure high performance even under the most demanding conditions.

Key features

- **Stainless steel construction:**
  Made from high-quality stainless steel, this cabinet offers superior resistance to scratches, knocks and corrosion, maintaining a flawless appearance over time. Its smooth surface makes cleaning easy, ideal for professional environments with strict hygiene standards.
- **Ventilated cooling:**
  Ensures even temperature distribution throughout the interior, keeping food fresh and perfectly preserved at all times.
- **600-litre capacity:**
  It offers ample space to store large quantities of produce, making it ideal for businesses with high storage requirements.
- **Operating temperature -18/-22°C:**
  Designed to operate effectively even in environments with temperatures up to 35°C, it is perfect for freezing and long-term storage of products.
- **Anti-corrosion treatment:**
  The structure is treated to withstand wear and corrosive agents, ensuring a long service life even under conditions of intensive use.
- **Internal lighting:**
  Illuminates the interior of the compartment, allowing quick access to products even in low-light conditions.
- **Adjustable feet:**
  These provide excellent stability on any type of flooring, ensuring a practical and secure installation.

Technical specifications

- **External dimensions:** 68 x 81 x 201h cm
- **Internal dimensions:** 56 x 68 x 139h cm
- **Capacity:** 600 litres
- **Material:** Stainless steel
- **Energy efficiency class:** D
- **Refrigerant:** R290
- **Cooling system:** Static
- **Operating temperature:** -18/-22°C
- **Net weight:** 114 kg
- **Power supply:** Electric (230 V, 50 Hz)
- **Electrical power:** 0.204 kW

Standard equipment

- 3 shelves included with pairs of rails, adjustable to optimise the internal layout.

Dimensions

External dimensions	680x810x2010 mm

Internal dimensions	560x680x1390 mm
Packaging dimensions	710x840x2090 mm

Technical specifications

Capacity	600 Lt
Defrosting	a stop
Electrical Power	0.204 kW
Energy efficiency class	D
Frequency	50 Hz
Material	stainless steel
Maximum room temperature	35 °C
Net weight	114 kg
Operating temperature	-18 -22 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	static
Thermostat	electric
Voltage	230 V
Weight including packaging	126 kg

Standard equipment

Included	3 racks with pairs of rails
