**Cod: 983400203632**

# Countertop refrigerated display cabinet, 88 × 56.8 × 68.6h cm, curved glass on all four sides, black glass, 160 litres, 0 +12 °C

## Description

Ristoattrezzature's **professional countertop refrigerated display cabinet** is a kitchen appliance designed to store **fresh and/or cooked products** for long periods.

Ristoattrezzature's professional equipment has the advantage of featuring **four double-glazed panels** to maintain a constant internal temperature and save on energy bills.

The **professional countertop refrigerated display cabinet** is particularly suitable for delicatessens, patisseries, cafés, rotisseries or supermarkets**. Easy to install, this unit fits even into the smallest of spaces.

Design and operation

The design of our **professional countertop refrigerated display cabinet** is extremely practical and functional. It is constructed from black plastic and features double-glazed panels on all four sides. The **front glass is curved** to showcase the food to its best advantage, and the interior lighting is LED. This ensures that every detail is visible and highlighted.

The rear doors, on the other hand, are sliding to ensure easy access and smooth closing. **The refrigeration** system **is ventilated**, ensuring an even distribution of cold air inside.

Furthermore, the **operating temperature** is easy to set **between 0°C and +12°C** thanks to the digital display. The **external dimensions are 88 x 56.8 x 68.6 (h) cm,** with a total **capacity of 160 litres** and **a weight of 66 kg**.

It is electrically powered with a power rating of **0.16 kW** and a **voltage of 230 V**. It comes with two internal PVC-coated shelves, which are adjustable and removable, measuring **80 x 32 cm** and **80 x 35 cm**. Store **confectionery, sandwiches, toast and sushi** inside, whilst preserving the food's organoleptic properties.

Cleaning and maintenance

To ensure optimal performance and high quality from this **professional countertop refrigerated display cabinet** for restaurants, **regular cleaning** is recommended.

Before cleaning, empty the unit completely, wash the shelves separately, and then clean the body and glass panels using **natural cleaning products and a non-abrasive sponge**. **Automatic defrosting** makes this task easier, and the installation of a **maintenance-free condenser** ensures the longevity of your equipment.

Why this is the right product for you

**Its compact size and versatility** make this **professional countertop refrigerated display cabinet** for catering a practical and cost-effective piece of professional kitchen equipment.

By purchasing a single unit, you can meet the professional needs of various businesses. **Simply place it on a counter or table** and adapt it to your layout and space requirements, installing it wherever you like.

Choose our supermarket display cabinet if you want to ensure a practical and hygienic service. **Safety and aesthetics** are the features that make our display cabinet an excellent piece of professional equipment.
