Electric pizzeria oven with mechanical ‘Pizza Plus’ function, single-phase, capacity 9 pizzas, 1 chamber measuring 108×108×14h cm

Description

This single-chamber electric oven, with a capacity of 9 pizzas, is a robust appliance with a stylish design; it is easy to use and incredibly practical, thanks in part to its removable glass door, and guarantees excellent cooking results and exceptional durability over time. The product is designed to deliver excellent results, achieved by separately adjusting two different operating temperatures for the upper and lower sections, with temperatures reaching up to 455°C. The oven is fitted with no fewer than six armoured heating elements – three in the base and three in the ceiling – a firebrick cooking surface, insulation made from evaporated rock wool, and internal lighting.
