Cod: 100480040001988

# Electric pizzeria oven for Pizza Plus, with mechanical three-phase operation, capacity for 4 pizzas, 1 chamber measuring 72×72×14h cm

## Description

This single-chamber electric oven, with a capacity of 4 pizzas, is a robust appliance with an elegant design; it is easy to use and incredibly practical, thanks in part to its removable glass door, and guarantees excellent cooking results and outstanding durability. The product is designed to deliver excellent results, achieved by independently adjusting two different operating temperatures for the upper and lower sections, with maximum temperatures of up to 455°C. The oven is fitted with no fewer than 6 armoured heating elements – three in the base and three in the top –a firebrick cooking surface,insulation made from evaporated rock wool, andinternal lighting.
