Cod: 10875002375017

Stainless steel refrigerated cabinet with 2 glass doors, capacity 1255 litres, +3 to +10°C

Description

Clean and elegant, thanks to the glass door, the flush-mounted digital control panel with an independent main switch, and the distinctive design of the top panel and door. This model represents the perfect combination of technology and manufacturing expertise, featuring a self-closing door and moulded guides to aid cleaning, save space inside the cabinet and enable the six standard-fit GN 2/1 shelves to support a heavier load than average. Our refrigerated cabinet is environmentally friendly and energy-efficient, thanks to the eco-friendly R290 refrigerant and 8 cm of insulating foam on each side. Internal LED lighting, a standard lock and height-adjustable feet all contribute to making this professional refrigerator a top-of-the-range product.

Dimensions

External dimensions	1400x824x2045 mm
Internal dimensions	1234x685x1485 mm
Packaging dimensions	1420x845x2110 mm

Technical specifications

Capacity	1255 Lt
Defrosting	hot gas
Electrical Power	0.369 kW
Energy efficiency class	And
Net weight	180.6 kg
Operating temperature	+3 +10 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Weight including packaging	215 kg
