Cod: 101652153

Refrigerated display cabinet, 180.8 × 39 × 28.7h cm, counter-top model with a smooth top, straight glass panels and a built-in motor

Description

Countertop refrigerated display cabinet with straight glass panels and built-in motor

- Key features:

- Elegant design and flawless finish
- LED lighting
- Spacious tempered glass top that can be used as a work surface if desired. Width 29 cm.
- Electronic and digital temperature and defrost control.
- Removable sliding rear doors for easier cleaning.
- Stainless steel tray with inlaid base
- Hermetic compressor with fan-cooled condenser.
- High-quality components: The display cabinet features an integrated refrigeration unit that maintains an operating temperature of +2 / +6 °C, utilising a cold plate evaporator and copper tubing.

PLEASE NOTE: The images show the version with a display shelf featuring trays, but the product in question has a smooth display shelf, as per the description.
