Cod: 3155

GN2/1 stainless steel refrigerated cabinet, normal temperature, ventilated, 1400 litres

Description

GN2/1 refrigerated cabinet in AISI 304 stainless steel. Forced-air cooling. Built-in refrigeration unit. Concealed evaporator to maximise available space. Motor compartment with insulated side panels. Electronic temperature control with digital thermostat. Electric heating element around the door frame to eliminate condensation. Automatic defrosting with electric heating element and automatic control of defrost temperature. Automatic evaporation of condensation water. Evaporator treated for corrosion resistance. Door with spring-assisted closing and reversible hinge (except GNV600). Door lock with key. Door seal removable without tools. Interior light. Base with rounded corners. External base and rear panels made of galvanised sheet metal. Height-adjustable feet in AISI 304 stainless steel.

Dimensions

External dimensions	1480x830x2010 mm
Internal dimensions	1360x685x1390 mm
Packaging dimensions	1505x855x2180 mm

Technical specifications

Capacity	1400 Lt
Electrical Power	0.57 kW
Energy efficiency class	D
Net weight	195 kg
Operating temperature	-2 +8 °C
Refrigerant gas	R290
Voltage	230 V
Weight including packaging	219 kg
