Cod: 101722160

Refrigerated display cabinet, 180.8 × 39 × 37.6h cm, counter-top model with a middle shelf, smooth top, straight glass panels and a built-in motor

Description

Counter-top refrigerated display cabinet with a middle shelf, straight glass panels and a built-in motor

- Key features:

- Elegant design and flawless finishes
- LED lighting
- Spacious tempered glass top that can be used as a work surface if desired. Width 29 cm.
- Electronic and digital temperature and defrost control.
- Removable sliding rear doors for easier cleaning.
- Stainless steel tray with inlaid base
- Hermetic compressor with fan-cooled condenser.
- High-quality components: The display cabinet features a built-in refrigeration unit that maintains an operating temperature of +2 / +6 °C, with a cold plate evaporator and copper tubing.
- Intermediate shelf in toughened glass to increase its capacity. Width 18 cm.

PLEASE NOTE: The images show the version with trays, but the product in question is fitted with a smooth display surface, as per the description.
