Cod: 10012660110595

Heated display cabinet, 120×38×18h cm, 0.225 kW dry-heat countertop model in silver with a smooth top, hinged doors and straight glass panels

Description

Dry-heat display cabinet with a smooth top, made entirely from AISI-304 stainless steel, ideal for displaying pizza, sandwiches, cakes, snacks, etc. Fitted with methacrylate flap doors, a self-regulating parallel heating cable system, temperature control via a thermostat (20–90 °C), waterproof operation switches with external bellows, thermal insulation of the display cabinet with Euro Class A1 rock wool, an internal AISI-304 stainless steel tray, LED lighting and tempered safety glass. This display cabinet is not suitable for use as a bain-marie.

PLEASE NOTE: IT IS NOT RECOMMENDED TO EXCEED 70°C.

PLEASE NOTE: the image shows the version with curved glass, but the product in question has straight glass, as shown in the second technical image.
