Cod: 111970010642012

Electric cooker with 2 hotplates and an open compartment, 5.2 kW, 40×70×85h cm

Description

Stainless steel construction. Handles made from heat-resistant material with functional screen-printed markings on the rim. Heating is provided by round cast-iron electric hotplates. The heating element is fixed to the base of the hotplate, embedded in a layer of insulating material. Each hotplate is fitted with a switch that allows the power to be adjusted from maximum to minimum across seven settings. Safety is ensured by a temperature limiter located inside the hotplate. The worktop is made of pressed AISI 304 stainless steel and features a reverse embossed profile to ensure the hotplates fit perfectly, facilitate cleaning and protect the electrical components from spilled liquids. Front cladding in AISI 304 stainless steel. The worktop finish is laser-cut to ensure the worktops fit ‘end-to-end’ and are securely fixed together. Height-adjustable stainless steel feet. Accessories available on request.

. 100% Made in Italy.

Dimensions

External dimensions	400x700x850 mm
Packaging dimensions	500x800x1000 mm

Technical specifications

Electrical Power	5.2 kW
Net weight	19 kg
Power supply	Electric
Voltage	400 V
Weight including packaging	29 kg
