Cod: 112220081762016

Electric cooker with 4 square hotplates and a 14.05 kW fan-assisted electric oven, 80×70×85h cm

Description

Three-phase electric cooker with 4 square hobs and a fan-assisted electric oven, stainless steel body. Heat-resistant knobs with functional screen-printed markings on the rim. Moulded, double-walled oven door and contoured handle with an elliptical cross-section made from AISI 304 stainless steel.

Heating is provided by square cast-iron electric hotplates. The heating element is fixed to the base of the hotplate, embedded in a layer of insulating material. Each hotplate is fitted with a control switch allowing the power to be adjusted from maximum to minimum across seven settings. Safety is ensured by a temperature limiter located inside the hotplate.

The worktop is made of pressed AISI 304 stainless steel and features an inverted counter-embossed design to ensure the plates fit perfectly, facilitate cleaning and protect the electrical components from spilled liquids. The front panel is made of AISI 304 stainless steel.

1/1 GN forced-air electric oven. The oven base is made of thick-gauge steel and reinforced with a series of ribs. Removable stainless steel oven rack.

Insulation of the cooking chamber and oven door is provided by a layer of high-temperature-resistant ceramic fibre.

The oven is heated by special high-temperature-resistant steel heating elements positioned beneath the base and on the ceiling of the cooking chamber. Air circulation is provided by a stainless steel fan driven by a powerful electric motor. Fitted with a thermostat allowing the temperature to be adjusted between 90°C and 300°C. Manual reset safety thermostat to prevent overheating. Option to select various heating modes, including static and fan-assisted heating, as well as bottom-up radiant heating, grill mode and all-round heating.

Laser-cut worktop finish to ensure a ‘head-to-head’ fit between worktops and secure fastening of the worktops to one another.

Height-adjustable stainless steel feet.

. 100% Made in Italy.

Dimensions

External dimensions	800x700x850 mm

Technical specifications

Electrical Power	14.05 kW
Oven Power	3.65 kW
Power supply	Electric
Voltage	400 V

Standard equipment

Included	1 oven rack
