Cod: 112690020222012

Height-adjustable gas-fired lava stone fry-top with open compartment, 9 kW, 40×70×85h cm

Description

Height-adjustable lava stone fry top, with a stainless steel frame. Knobs made from heat-resistant material with functional screen-printed markings on the rim.

Heating is provided by a two-branch stabilised-flame burner. Fitted with a safety gas tap that allows the output to be adjusted from maximum to minimum. Safety is ensured by a thermocouple maintained active by the pilot burner flame.

A removable stainless steel meat grill is supplied as standard. The food supportrack can be positioned at two different heights, even whilst in use.

An inclined tray facing the grease drain, connected to a large-capacity container situated beneath the cooking surface.

A small drawer to collect the dust produced by the combustion of the lava stone is supplied as standard.

A 5 kg bag of lava is supplied.

A moulded worktop made from AISI 304 stainless steel with wide-radius rounded edges for easy cleaning.

The worktop finish is laser-cut to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

Testing carried out using natural gas or LPG, depending on the user’s requirements.

Height-adjustable stainless steel feet.

. 100% Made in Italy.
