Cod: 100640712002

Neutral display cabinet, 122×36×34h cm, with a stainless steel base, a middle shelf, straight glass panels, sliding doors and LED lighting

Description

Why buy it?

This neutral display cabinet combines elegance, practicality and sturdiness in a single product. Thanks to its straight-edged tempered glass panels, it fits perfectly into any professional setting, showcasing the products on display to their best advantage. The middle shelf allows you to make the most of the available space. Made from high-quality materials, it is designed to last and meet all your display needs.

Key features

- **Intermediate shelf** for increased display capacity.
- **Sliding doors:** Designed for quick and easy access, they improve ease of use for both staff and customers during service operations.
- **Straight tempered glass panels**, offering maximum transparency and impact resistance.
- **Stainless steel frame:** This premium material ensures exceptional durability, with a hard-wearing surface that is easy to sanitise, ideal for professional environments with strict hygiene requirements.
- **LED lighting: The** integrated LED**lighting** showcases every product on display with an even, pleasant light, creating a visual experience that captures your customers' attention. LEDs are also an eco-friendly and cost-effective choice, thanks to their low energy consumption and long lifespan.
