Cod: 105842478

Professional ventilated stainless steel tunnel-type gas pizza oven for pizzerias, with digital control panel; chamber dimensions: 80×110×10h cm

Description

The stainless steel tunnel oven is fitted with all the necessary safety features to ensure maximum safety; the display alerts you to any faults and automatically shuts down the oven. Its gas-fired system allows you to set the operating temperature, which can quickly reach 350°C. The LCD display is simple and intuitive and, in just a few easy steps, allows you to select the temperature and conveyor belt speed. You can also set up six different operating programmes, which can be accessed with a single click, ensuring operation is always straightforward. Maintenance and cleaning are quick and easy.

Dimensions

External dimensions	2250x1560x1130 mm
Internal dimensions	800x1100x100 mm
Packaging dimensions	2515x1830x915 mm

Technical specifications

Gas Power	22.5 kW
Net weight	421 kg
Operating temperature	0 +350 °C
Power supply	Electric
Voltage	230 V
Weight including packaging	500 kg
