Cod: 3230

240 cm Refrigerated Counter

Description

A ventilated refrigerated display cabinet with a built-in motor and a depth of just 78 cm; thanks to its well-designed system, it is ideal for displaying patisserie, delicatessen, dairy and cured meat products. Three height-adjustable glass shelves with standard neon lighting, overhead lighting, an electronic control panel, automatic defrosting and automatic condensate drainage. The display cabinet is fitted with flat, panoramic double-glazed panels on five sides. The double-glazed sliding doors at the rear ensure maximum ease of use, a minimal footprint and minimise air movement when the door is opened.

. 100% Made in Italy.

Dimensions

External dimensions	2400x785x1400 mm
Internal dimensions	2400x660x800 mm

Technical specifications

Electrical Power	1.3 kW
Exhibition space	3.76 Mq
Frequency	50 Hz
Net weight	310 kg
Operating temperature	0 +2 °C
Power consumption of the lighting (middle shelf)	0.224 kW
Voltage	230 V
