Cod: 106192001

Stainless steel sink, 100×60×85h cm, 1 bowl with left-hand drainer, shelf and splashback, EC

Description

Practicality, durability and modularity. The **single-bowl stainless steel sink with a left-hand drainer, worktop and EC splashback** for restaurants and pizzerias is an indispensable piece of kit for washing up.

Careful design, **high-quality materials and compact lines** make the Ristoattrezzature range featured in the catalogue truly unique.

The product is **suitable for small and medium-sized catering businesses** and is particularly recommended for use in kitchens, patisseries, pizzerias and the catering trade in general.

Discover all the features in the technical data sheet.

Design and operation

The **single-bowl stainless steel sink with a drainer on the left, a shelf and an EC splashback** is one of the first pieces of equipment to be installed in a professional kitchen. A versatile and reliable product, it is characterised by a minimalist design.

The external dimensions are **100 x 60 x 85h cm**, whilst the **bowl dimensions** are **40 x 40 x 25h cm**.

The entire unit is made from **AISI 304 18/10 stainless steel**: a robust, durable material that is ideal for contact with food.

Our **single-bowl stainless steel sink with a drainer on the left, a shelf and an EC splashback** comprises:

- **1 shelf**
- **1 rear splashback**
- **1 bowl**.

At the base, there are **4 adjustable feet** to suit the needs of each individual user. It speeds up kitchen operations, ensuring a prompt and precise service.

Cleaning and maintenance

To guarantee a high-quality end product, it is essential to ensure **maximum hygiene in the kitchen** by taking particular care of your professional equipment.

Cleaning the **single-bowl stainless steel sink with a left-hand drainer, shelf and EC splashback** for restaurants is an essential daily task. The high-quality materials selected for the construction and the linear design of our product make this task easy, quick and safe.

We recommend using **lukewarm water**, a **soft cloth** and a **mild** kitchen **detergent**. It is good practice not to use harsh chemicals or abrasive sponges. Finally, **dry it and put it back into use**.

Why this is the right product for you

The Ristoattrezzature **single-bowl stainless steel sink with a left-hand drainer, worktop and EC splashback** is **particularly suitable for bars, kitchen workshops, restaurants and pizzerias**. There are several key strengths behind this choice.

Ease of use, reliability, versatility and, above all, modularity characterise our product. This means you can select multiple products from the catalogue to combine as required, based on your professional needs.

Attention to detail and respect for the needs of individual operators form the basis of the design of our professional equipment. Choose from the available options to find the ones that best suit your needs.
