Cod: 112200011582935

Three-phase 8 kW countertop electric hob with 2 square hotplates, 40×90×25h cm

Description

Stainless steel construction. Handles made from heat-resistant material with functional screen-printed markings around the edge.

Heating is provided by square cast-iron electric hotplates. The heating element is fixed to the base of the hotplate, embedded in a layer of insulating material. Each plate is fitted with a switch that allows the power to be adjusted from maximum to minimum across seven settings. Safety is ensured by a temperature limiter located inside the plate.

Worktop made from 0.2 cm thick pressed AISI 304 stainless steel, featuring a reverse embossed edge to ensure the plates fit perfectly, facilitate cleaning and protect the electrical components from spilled liquids. Front cladding in AISI 304 stainless steel.

The worktop finish features laser-cut edges to ensure the worktops fit ‘end-to-end’ and are securely fastened together.

. 100% Made in Italy.

Dimensions

External dimensions	400x900x250 mm

Technical specifications

Electrical Power	8 kW
Net weight	40 kg
Power supply	Electric
Voltage	400 V
