Cod: 100982084002

Neutral display cabinet, 121.2 × 26.5 × 20 (h) cm, with a plastic-coated base, sliding doors, aluminium edging and straight glass panels, black

Description

Why buy it?

This neutral display cabinet combines elegance, practicality and durability in a single product. Thanks to its straight tempered glass panels and anodised aluminium edging, it fits perfectly into any professional setting, showcasing the products on display. The sliding methacrylate doors offer quick and easy access, whilst the middle shelf allows you to make the most of the available space. Made from high-quality materials, it is designed to last and meet all your display needs.

Key features

- **Intermediate shelf** for increased display capacity.
- **Sliding methacrylate doors**, lightweight and easy to operate.
- **Anodised aluminium edging**, corrosion-resistant and with a refined finish.
- **Straight panes of toughened glass**, offering maximum transparency and impact resistance.
- **Sturdy anodised aluminium frame**, ensuring a stable and long-lasting structure.
