Cod: 108330060142627

Professional countertop gas fry-top grill with a 1/2 smooth, 1/2 ribbed cooking surface, 14 kW, 80×70×54.7h cm

Description

Why buy it?

If you're looking for a versatile and durable solution for your professional kitchen, this **gas fry top** is the perfect choice. Thanks to its **combined smooth and ribbed cooking surface**, you can cook meat, fish, vegetables and sandwiches to perfection, ensuring consistently even cooking and an appetising finish every time. Made entirely from **stainless steel**, it guarantees hygiene and long-lasting durability, whilst the **drip tray** makes cleaning easy, allowing you to work efficiently.

Key features

- **Dual-surface griddle (smooth and ribbed) for maximum versatility**
  The combination of **half a smooth plate** and **half a ribbed plate** allows you to cook different types of food without having to change equipment. The smooth side is ideal for fish, eggs and vegetables, whilst the ribbed side is perfect for meat and sandwiches, ensuring that classic grill marks.
- **Stainless steel construction for hygiene and durability**
  The entire structure is made of **stainless steel**, a material that ensures high resistance to corrosion and easy cleaning, making the fry top suitable for intensive professional use.
- **Powerful 14 kW gas cooking system**
  Thanks to**its gas supply** and **14 kW output**, this fry top guarantees a **constant and even temperature** across the entire cooking surface, reducing waiting times and optimising output.
- **Piezoelectric ignition for immediate use**
  Ignition is provided by a practical **piezoelectric system**, allowing the fry top to be started with a simple gesture, without the need for matches or lighters.
- **Residue collection drawer for quick and easy cleaning**
  Fitted with a **spacious residue collection drawer**, this fry top allows you to easily collect grease and cooking residues, keeping the work area clean and reducing cleaning time.
- **Methane/LPG conversion kit included**
  The fry top comes with a **natural gas to LPG conversion kit**, allowing you to easily adapt it to the type of gas supply available in your kitchen.
- **Standard gas connection for simple installation**
  Thanks to **the ½-inch gas connection pipe**, connection to the gas system is quick and safe, minimising installation time.
