Cod: 4046

Drop-in Refrigerated Counter for Patisseries and Sandwich Shops – 190×80×135h cm

Description

Why buy it?

The **Drop-In Refrigerated Counter** is the ideal solution for those who want to combine **elegance** with **technical performance**. Perfect for patisseries and sandwich shops, it keeps your products at the right temperature, enhancing their presentation.

Key features:

- **Panoramic glass for perfect visibility:**
  The panoramic glass design allows customers to admire the displayed products from every angle, enhancing their appearance and encouraging them to make a purchase.
- **AISI 304 stainless steel construction:**
  Made from high-quality stainless steel, the display counter guarantees a long service life, corrosion resistance and maximum hygiene.
- **Corian cladding:**
  The Corian cladding not only offers an elegant design but **is** also **non-toxic** and **non-absorbent**, ensuring maximum hygiene and ease of maintenance.
- **Sliding rear doors:**
  The practical sliding rear doors facilitate quick access to the displayed products, improving day-to-day management.
- **Refrigerated drop-in unit:**
  The drop-in system ensures uniform refrigeration with operating temperatures ranging from **+2°C to +8°C**, keeping products fresh and safe for consumption.
- **Thermoformable and restorable material:**
  The structure is designed to be easily repaired in the event of damage, ensuring it always looks impeccable and making maintenance hassle-free.
- **Advanced performance:**
  Electrically powered and fitted with R404A refrigerant, the display cabinet combines energy efficiency with reliability.
- **Spacious and functional display counter:**
  Measuring **175x55 cm**, the display surface offers ample space to showcase a wide range of products, whilst the **25 cm deep** shelf is ideal for additional displays.

Technical specifications

- **External dimensions:** 190x80x135h cm
- **Display surface height:** 95 cm
- **Shelf thickness:** 38 cm
- **Operating temperature:** +2 to +8 °C
- **Voltage:** 230 V

Dimensions

Exhibition plan	1750x550 mm
Exhibition stand height	950 mm
External dimensions	1900x800x1350 mm
Packaging dimensions	2000x900x1500 mm
Shelf depth	250 mm
Shelf height	250 mm

Shelf thickness	380 mm

Technical specifications

Net weight	240 kg
Operating temperature	+2 +8 °C
Power supply	Electric
Refrigerant gas	R404A
Voltage	230 V
Weight including packaging	250 kg
