Cod: 101562146006

White two-tier countertop heated display cabinet, 141×60×60h cm, with straight glass panels

Description

Why buy it?

This **heated countertop display case** is the ideal solution for showcasing your hot products, keeping them at the perfect temperature and presenting them in style. Thanks to its modern design and high-quality materials, it is both a functional and visually striking addition to your premises.

Key features

- **Modern and professional design**
  Designed with clean lines and straight glass panels, this heated display case suits any professional setting, offering an elegant and polished look.
- **Integrated LED lighting**
  The LED lighting shows off the displayed products to their best advantage, ensuring excellent visibility even in low-light conditions, whilst reducing energy consumption.
- **Sloping display shelf for greater visibility**
  The slightly sloping display shelf allows for optimal product presentation, making them easily visible and accessible to your customers.
- **Removable middle shelf**
  The easily removable middle shelf allows you to adapt the internal space to suit your needs, offering ideal flexibility for different types of products.
- **High-quality materials**
  Made from **toughened glass** and **polished stainless steel**, the display cabinet guarantees durability and strength, as well as being easy to clean and maintain.
- **Adjustable thermostat**
  The temperature can be adjusted between **+30 and +90 °C**, keeping your products at the ideal temperature for storage and serving at all times.
- **Transparent plexiglass rear panels**
  The rear panels protect the displayed products, preventing heat loss and ensuring convenient access for staff.
- **Clear glass roof**
  The clear glass roof adds brightness to the interior of the display cabinet, enhancing natural lighting and the overall aesthetic.
- **Separate switches for lights and heating elements**
  Independent control of lights and heating elements allows you to optimise energy consumption according to your needs.
- **Adjustable feet**
  The height-adjustable feet provide stability even on uneven surfaces, ensuring secure positioning.
