Cod: 10196932189

Fry Top Gas Grill 120.6 × 45 × 23.3h cm, 11 kW, countertop model with smooth steel griddle

Description

Why buy it?

The **Fry Top countertop gas grill with a smooth steel griddle** is designed to meet the needs of professional kitchens. It is a versatile and robust solution, perfect for those seeking precise and even cooking. Thanks to its compact design and innovative features, it is an ideal investment for improving kitchen efficiency and ensuring customer satisfaction.

Key features

- **Gas-powered**
  The Fry Top guarantees high performance thanks to its gas power supply, delivering **11 kW** of power for fast and even cooking.
- **Smooth steel cooking surface with anti-corrosion protection**
  The cooking surface is made from **high-quality steel**, featuring an anti-corrosion coating to withstand wear and tear and maintain efficiency over time.
- **Fully removable cooking top**
  This makes cleaning and maintenance easier, ensuring your kitchen remains as hygienic as possible at all times.
- **Burner with perimeter flame**
  The **flame running along the entire perimeter** eliminates cold spots, ensuring even heat distribution across the whole surface.
- **Front steel grease tray**
  The practical grease-collection system makes cleaning quicker and easier, improving the running of your kitchen.
- **Bakelite knobs**
  The knobs, made from heat-insulating material, allow for precise temperature control, ensuring **safety and comfort** during use.
- **Piezoelectric ignition**
  Quick and safe ignition is an essential feature for a professional kitchen.
- **Safety thermocouple**
  This ensures total protection by cutting off the gas supply in the event of the flame accidentally going out.
- **Adjustable feet**
  These allow the Fry Top to be adapted to any work surface, ensuring stability and ease of use.
- **Compact and versatile**
  Measuring **120.6 x 45 x 23.3 (h) cm**, it fits perfectly on workbenches without taking up too much space.
