Cod: 4155

Single-phase glasswasher with a 35×35 cm square basket and built-in rinse aid dispenser

Description

Why buy it?

This glasswasher is the ideal choice for anyone looking for **efficiency and a compact design** without compromising on performance. Perfect for **bars, restaurants and venues with limited space**, it offers a quick and spotless wash for glasses, cutlery and saucers. Thanks to **the built-in rinse aid dispenser**, your glasses will always come out sparkling and streak-free. With a wash cycle of just **120 seconds**, your crockery will always be ready in no time at all.

Key features

- **Compact size, high efficiency**
  Despite its compact dimensions (**42.5x45.5x64h cm**), this glasswasher delivers **high washing performance** and is perfect for confined spaces such as bar counters or small professional kitchens.
- **35x35 cm square basket for maximum versatility**
  The 35x35 cm **square basket** allows you to optimise the internal space and handle crockery of different sizes more effectively. It also comes with an **insert for 12 small plates** and a **cutlery insert**, for a more organised and effective wash.
- **Fast and efficient wash cycle**
  With a **cycle time of just 120 seconds**, this dishwasher delivers professional results in no time at all. Ideal for premises with a high volume of customers.
- **Integrated rinse aid dispenser for spotless crockery**
  The rinse aid dispenser ensures that every wash cycle leaves glasses and crockery **sparkling and streak-free**, improving the quality of service and reducing the time needed for drying.
- **Optimal wash and rinse temperatures**
  The glasswasher operates at **85°C during the wash cycle** and **53°C during the rinse cycle**, ensuring **perfect hygiene** and the maximum removal of residues and bacteria.
- **High power and performance**
  Equipped with a **maximum power output of 2.9 kW**, a **0.30 kW pump** and a **2.7 kW boiler heating element**, it delivers fast and effective washes whilst minimising energy consumption.
- **Easy installation and intuitive operation**
  Connection to the mains water supply is straightforward thanks to **a 3/4” inlet pipe** and a **2.5 cm outlet**. Its ease of use means even less experienced operators can achieve excellent results effortlessly.

Technical specifications

- **Power supply: Electric**
- **Voltage: 230** V
- **Maximum power: 2** .9 kW
- **Pump power: 0** .30 kW
- **Boiler heating element: 2** .7 kW
- **Tank heating element: 1** .8 kW
- **Boiler capacity: 3** .5 litres
- **Tank capacity: 11** litres
- **Operating pressure: 2–4** bar
- **Washing temperature: 85** °C
- **Rinse temperature: 53** °C
- **Cycle time: 120** seconds
- **External dimensions: 42** .5x45.5x64h cm
- **Basket dimensions: 35x35** cm
- **Useful height: 25** cm
- **Water inlet hose diameter: 3/4** "
- **Water drain hose diameter: 2** .**5** cm
