Cod: 1111400200133

Search for people with 10 pagers, coverage 15,000 cm, Ø 9.5 cm

Description

The pager allows you to alert and call a customer simply by pressing a button on the control unit.

The pager discs are recharged by stacking them on top of one another using the base supplied.

It operates within a maximum range of 15,000 cm in open terrain. The model comprises a charging base and 10 pager discs, each displaying a number on the LCD screen; this product allows you to add as many pager discs as you wish, with no limit from 10 to 9,999 discs; each has its own pre-assigned number, or you can assign them individually using your internal order number. It can also be used with multiple control units, for example in the kitchen, at the till or at the bar. The product is designed to last, ideal for the most demanding users, with edge protection; it is easy to load and stack, and also alerts the customer if the pager is out of range. They are fully customisable with your logo, featuring a dedicated space with a diameter of 4.8 cm. **N.B. The pager control unit is not included and can be purchased as an optional extra.**
