Cod: 10256126001012

Stainless steel refrigerated freezer cabinet, 1-door, 800 litres, ventilated, -18 to -22°C, suitable for tropical climates

Description

The 800-litre single-door stainless steel freezer cabinet has an external and internal structure made entirely from AISI 304 stainless steel. The freezer is also height-adjustable thanks to its AISI 304 stainless steel feet. The product features forced-air cooling with a corrosion-resistant finned evaporator, a built-in refrigeration unit, a digital control unit, a heated anti-condensation door seal, automatic condensation drainage, a door with an ergonomic handle, 6 cm insulation thickness, a reversible door, easily removable magnetic seals, an interior with rounded corners, an internal LED light, a key-lockable door, and external base and rear panels made of galvanised steel.

Dimensions

External dimensions	740x990x2010 mm
Internal dimensions	624x845x1390 mm
Packaging dimensions	770x1020x2070 mm

Technical specifications

Capacity	800 Lt
Climate class	4
Electrical Power	0.52 kW
Energy efficiency class	D
Frequency	50 Hz
Maximum room temperature	40 °C
Net capacity	733 Lt
Net weight	134 kg
Operating temperature	-18 -22 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	151 kg

Standard equipment

Included	10 pairs of guides
