Cod: 121323125

Stainless steel table, 200 × 60 × 95h cm, on legs with a base panel and VS splashback

Description

Why buy it?

This **stainless steel table** is the ideal solution for anyone looking for a **sturdy, hygienic and durable work surface** for professional kitchens, food processing facilities or food preparation areas. The **reinforced worktop** structure ensures exceptional stability even under heavy loads, whilst**the rear splashback** protects walls from splashes and residue, keeping the worktop clean and tidy at all times.

Key features

- **AISI 201 stainless steel frame:** a material that is resistant to corrosion and wear, and easy to clean, perfect for environments where hygiene is essential. It guarantees a long service life even under conditions of intensive use.
- **Reinforced base shelf**
  The lower shelf is designed to support heavy loads, making it ideal for storing heavy equipment without compromising the table's stability.
- **10 cm rear splashback:** protects the wall from splashes and dirt whilst working, making daily cleaning and use more practical.
- **Sturdy legs and a balanced structure:** these ensure stable support even on uneven surfaces, keeping the worktop perfectly level at all times.
- **Functional design:** simple, clean lines that suit any professional kitchen or workshop, with a satin finish that gives it an elegant, modern look.
- **Easy maintenance:** the smooth stainless steel surface allows for quick and hygienic cleaning, reducing sanitisation times between preparations.

Technical specifications
