Cod: 10255063001007

Class A stainless steel refrigerated cabinet, single-door, 700 litres, ventilated, 0+8 °C

Description

The 700-litre single-door stainless steel refrigerated cabinet has an external and internal structure made entirely from AISI 304 stainless steel. The cabinet is also height-adjustable thanks to its AISI 304 stainless steel feet. The product features forced-air cooling with a built-in cooling unit, a digital control unit, a removable refrigeration unit, a door frame with a thermal break, automatic condensate drainage, a door with an ergonomic handle, 9 cm insulation thickness, a reversible door, easily removable magnetic seals, a compartment with rounded corners, an internal LED light, a key-lockable door, and external base and rear panels made of galvanised steel.

Dimensions

External dimensions	740x828x2050 mm
Internal dimensions	560x680x1435 mm
Packaging dimensions	760x850x210 mm

Technical specifications

Capacity	700 Lt
Climate class	4
Electrical Power	0.196 kW
Energy efficiency class	A
Frequency	50 Hz
Net capacity	650 Lt
Net weight	115 kg
Operating temperature	0 +8 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	125 kg

Standard equipment

Included	4 GN2/1 plastic-coated racks and 4 pairs of runners
